

Information for Students

Immunization schedules vary considerably among Canadian provinces and other countries. Please **ensure your personal physician understands** that this form must be completed as indicated. Failure to comply may lead to repeat testing/immunization needles. Medical students who do not comply with the immunization policy may be excluded from clinical activities.

Information for Physicians

Students are required to be immunized against the following diseases before they enter the clinical setting. Proof of immunity is required for all persons carrying on activity in hospitals in Ontario under Regulation 965 of the Ontario Public Hospitals Act. Before completing this form, please read these instructions carefully.

Deadline: Please submit the completed form online, using [ShareFile](#), by **August 1, 2018**.
