WHO'S IN THE NEWS?

Photo of Stacey Bernstein by Frank Ferrari

Stacey Bernstein Clinician Educator, Paediatric Medicine

Stacey is a Clinician Educator and hospitalist on the Pediatric inpatient units on the 7th floor. She is a passionate small and large group teacher and can often be spotted with an entourage of learners. She was our Department's Undergraduate Director for 5 years and is now the Clerkship Director at the University of Toronto. This year she led the development and launch of a pilot longitudinal integrated clerkship (LIC) for 7 third year clerks at St Michael's Hospital. This innovative program is one of few North American urban LICs, and is expanding next year to 24 clerks across 5 hospital sites. She recently

was awarded the Canadian Association of Medical Education Certificate of Merit Award for her commitment to medical education in Canadian Medical Schools. **Congratulations Stacey!**
