

Pre-Placement Requirement Clearance Information International Visiting Electives

In partnership with Synergy Gateway Verified Inc.

The University of Toronto MD Program has partnered with Synergy Gateway Inc. to provide support and clearance for pre-placement requirements. To have your documents validated you will be required to book an Electronic Requirements Verification (ERV) Review through **Verified**, a proprietary platform that is used by students across Ontario for the purpose of digitally collecting placement requirements and documentation for verification. Log in details to [Verified](#) will be sent to your school email account once the system is up and running for our programs.

DEADLINES

Pre-Placement Requirements Due: No later than Nov 13, 2023

YOUR ERV REVIEW

Be sure to review the list of pre-placement requirements below and have plan when and how you will be completing them. It is important to remember that some requirements may take an extended time to complete.

Once your access is activated, book an ERV Review through your *Verified* account. For help on how to navigate *Verified*, please log in and go to Important Forms. There you will find user guides to assist you with the process.

You are encouraged to *book* your Review early, even if you do not have all documentation in place. Do not wait until a week or two before the deadline to book your Review; Review times will fill.

Ensure all your pre-placement documents are uploaded to your account by 9:00 AM (EST) on the day of your ERV Review. You do not need to be present on the day of your Review – this is the date that Synergy Gateway retrieves your documents for review.

To avoid paying additional Review fees, ensure all your documentation has been uploaded *before* 9:00 AM (EST) on your ERV Review date. If documents are outstanding at this time, you will not be cleared for placement. If documentation is missing or a requirement is not complete, you will need to book a follow-up Review for an additional fee.

Once your documents have been reviewed you can download your Compliance Summary Document which will serve as a Completion Certificate. *Keep this for your records.*

Synergy Gateway Inc. is *not* the authority on the University of Toronto policies and deadlines. Please check the [school's landing page](#) if you have questions about anything related to pre-placement requirements.

Please upload for your Review:

- AFMC immunization form
- Blood work/lab reports (as required)
- Certification cards (as required)
- Originals of all documents

**** Important Note****

Please ensure your documents are valid until the end of your placement period. Students with requirements expiring during the placement period must renew (before expiry) and provide updated documentation to Verified by Synergy Gateway Inc. to continue to be eligible for placement. This will require another ERV Review at FULL service fees. To avoid multiple Review fees, we suggest you update all expiring documents in one Review.
