Director, MD Program, Scarborough Academy of Medicine and Integrated Health (SAMIH)

POSITION SUMMARY

Reporting jointly to the Associate Dean, MD Program, Temerty Faculty of Medicine, and the Vice President, Education, Scarborough Health Network (SHN), the Academy Director acts as the University of Toronto Temerty Faculty of Medicine Dean’s representative and is responsible for all academic and administrative matters pertaining to the Academy and its educational programs. The Academy Director, in collaboration with the Vice President, Education SHN, is responsible for the appropriate use of hospital resources provided to support the Academy and for ensuring alignment with the MD Program’s Goals and Competency Framework and the SHN Education plan.

The Academy Director works collaboratively with the Foundations Directors, Clerkship Directors, Director of Student Assessment, Director of Program Evaluation in the MD Program, and with the Associate Dean, Learner Affairs in the Office of Learner Affairs.

DUTIES AND RESPONSIBILITIES

1. Curriculum planning and delivery of the undergraduate education program at UTSC and the SHN hospital sites:
   a. Is an advocate for education at MD Program, SAMIH, the University, and all relevant community sites.
   b. Is a leader in the implementation of the Hospital’s and the University’s strategic priorities and promotes an integrated educational model which includes interprofessional education, social and community accountability, education focused on quality, equity, diversity and inclusion, safe patient care, best practices and innovative educational strategies, and scholarly activities in education.
   c. Is responsible for the delivery of hospital-based and ambulatory-based curriculum through collaboration with the Foundations Directors, the Clerkship Directors, and all relevant course directors and local site coordinators.
   d. Is responsible for ensuring appropriate complement of patient and clinical setting experiences for students.
   e. Is responsible for the recruitment of medical faculty and other health professionals who provide excellent mentoring, teaching, and role modelling for MD Program students across the courses and course components based at MD Program, SAMIH and UTSC teaching sites.
   f. Ensures the quality of on-site teaching in collaboration with the Associate Dean, MD Program, Office of Assessment and Evaluation, and hospital departments and division chiefs.
g. Develops and implements informal curricular opportunities for students which complement the formal curriculum.

h. Is responsible for the planning and delivery of the Orientation Week and Transition to Clerkship Academy Days curriculum.

i. Works in collaboration with local education physician leads to support and implement inter-professional educational opportunities for students at the Academy.

j. Monitors and improves the learning environment, with input from students, faculty, other health professionals and hospital staff at all Academy sites to ensure an optimal learning environment for students.

k. Supports the Vice President, Education, SHN, in ensuring the best quality of on-site teaching. Communicates, as appropriate, with hospital and divisional chiefs and department chairs in all matters pertaining to MD Program Education in the Academy.

2. Student Support:
   a. Liaises with the Associate Dean, Learner Affairs, and other leaders responsible for student affairs to coordinate support systems available to all students in the Academy.
   b. Works in collaboration with the designated faculty lead to ensure appropriate student career and elective counselling.
   c. Maintains a mentoring system to provide appropriate career sampling, exposure, and counselling to students and recruits exemplary mentors from among appropriate faculty members.
   d. Interacts extensively with the students in the Academy both through formal and informal meetings with students and/or student representatives, through informal events involving students and informal social gatherings.
   e. Ensures the appropriate provision of occupational health and safety measures for students at the Academy.

3. Administration:
   a. Provides leadership and direction to the Academy through effective interaction with the various constituencies pertinent to the MD Program at the Faculty and Hospital level.
   b. Participates with other Academy Directors and education leaders at SHN in adapting to changes in Hospital and Faculty organization and medical school function through effective communication and interaction with Decanal offices, Hospital’s Senior Administration and Departmental Chairs.
   c. Negotiates with the leadership of the Academy’s hospitals and community agencies for resources to support the educational programs in the Academy.
   d. Participates in planning and selection processes for awards applicable to undergraduate medical education across MD Program, SAMIH sites.
   e. Meets regularly with other Academy Directors, the Foundations and Clerkship Directors, the Associate Dean, MD Program, and the Vice President, Education, SHN.
   f. Attends regular meetings of the Foundations and Clerkship Committees, the membership of which includes representation from relevant faculty, education coordinators and students.
   g. Fully participates in and attends regular meetings of relevant SHN Medical Education Committees, SAMIH Implementation Committee, and other applicable councils/committees as may be required.
   h. Supports the recruitment of students for feedback and engagement on Academy activities, committees, or learner-led initiatives as appropriate.
4. **Faculty Support:**
   a. Is a leader in the integration of faculty development opportunities provided locally or by the University of Toronto to enhance the MD Program curriculum.
   b. Facilitates teaching assignments, which are appropriately matched to the needs of the faculty based on their ability and expertise and their personal professional career and development needs.
   c. Facilitates faculty development with the designed Scarborough Faculty Development Physician Lead, the Director of Faculty Development, MD Program, Office of Faculty Development and relevant program, course and component directors.
   d. Ensures that faculty development occurring within the Academy complements central faculty development programs and is designed to meet the educational goals of the MD Program.
   e. Reviews faculty teaching evaluation scores for Foundations curriculum and provides appropriate coaching and/or escalation as required.

5. **Professional Development:**
   a. Considers relevant educational theory and practice as changes are implemented, including matters related to curriculum design and techniques for evaluation of outcomes.
   b. Collaborates and interacts with colleagues throughout the Temerty Faculty of Medicine, University of Toronto, and with colleagues nationally and internationally, in such ways as to promote the quality of the educational program and optimize and increase educational research opportunities with the Academy.
   c. Is actively involved in MD Program teaching activities, as appropriate, maintaining an understanding of teaching roles and requirements.

6. **Liaison and communication:**
   In carrying out the above functions, the Academy Director liaises and effectively communicates on a regular basis with curriculum officials, including course directors, department chairs, hospital department and division leaders, and the broader community. In so doing, the Academy Director is expected to ensure that:
   a. The faculty members required for teaching in the Academy have been recruited and notified of their teaching responsibilities.
   b. Students, teachers, and programs, and the learning environment in the Academy are appropriately evaluated on a regular and ongoing basis.
   c. Communication occurs broadly with the hospitals, the University, students and the community regarding the programs and successes of the MD Program, SAMIH.
   d. The Academy Student Newsletter and Website are published and maintained.
   e. Tutors and students are informed of changes and pertinent information regarding curriculum delivery at the Academy.
   f. Administrators and teaching faculty at the Academy sites are aware of the various roles in undergraduate medical education in which they participate.

**APPOINTMENT PROCESS**

The Academy Director is a decanal appointee recommended to the Dean by a search committee co-chaired by the Dean’s designate and a designate of the President and CEO of SHN. An individual to be appointed to the position of Academy Director must be acceptable to both the Associate Dean, MD Program (to whom, ultimately, they will be accountable for all academic matters in the Academy) and to the Hospital CEO. All
applicants must be eligible for a University of Toronto appointment in the Temerty Faculty of Medicine and have a track record of exemplary educational qualifications and leadership. Postgraduate courses and/or degrees that enhance leadership and education are also an asset.

The term of appointment normally will be five years, renewable once after satisfactory review. The Academy Director will receive compensation from the Faculty and SHN at a 50% FTE rate, and, in return, will commit at least 50% of their time to the duties of this position. The Academy Director will also be required to enter into a Service Agreement with SHN, articulating the same responsibilities and requirements of the role as described herein. The Academy Director will be required to maintain Active/Associate privileges at SHN.

The Temerty Faculty of Medicine and SHN are strongly committed to diversity and intentional inclusion within its community and particularly encourages applications from racialized person/persons of colour, women, Indigenous/Aboriginal People of North America, persons with disabilities, 2SLGBTQIA+ persons and other who may contribute to the further diversification of ideas.
